DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/14/2005 has been entered.

Terminal Disclaimer

2. The terminal disclaimer filed on 4/5/2005 disclaiming the terminal portion of any patent granted on this application, which would extend beyond the expiration date of USP 6879,244 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Response to Amendment

3. Claims 6-10 are cancelled.

Oath/Declaration

4. Objection to the oath or declaration is withdrawn.

Double Patenting

5. The timely filed terminal disclaimer (above) overcomes the provisional rejection based on a nonstatutory double patenting in the last Office action and therefore withdrawn.

Claim Rejections - 35 USC § 103

6. The rejection of claims 5-10 and 18-26 under 35 U.S.C. 103(a) is withdrawn.

Election/Restrictions

7. This application is in condition for allowance except for the presence of claims 1-4 and 11-17 to non-elected inventions without traverse (see paper 7/14/03). Accordingly, claims 1-4 and 11-17 have been cancelled.

Examiner's Amendment

8. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please cancel claims 1-4 and 11-17.

Allowable Subject Matter

9. Claims 5 and 18-26 are allowed.

Allowed claims are renumbered 1-10.

10. The following is an examiner's statement of reasons for allowance:

With regards to independent claim 5, the prior art made of record {USP 5,117,449 (Metroka et al) in view of USP 5,574,772 (Scalisi et al), and further in view of USP 6,226,495 (Neustein)} do not disclose a call receiving pager apparatus operative in a radiotelephone communications system comprising **“transmitting means for transmitting at least one of a voice message, a text message, or data message to a telephone number preprogrammed into said call receiving pager apparatus wherein said message asks a call receiver at said preprogrammed telephone number to initiate a call to said pager apparatus”**, in combination with other elements as claimed. Claims 18-26 are dependent on claim 5 and therefore allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
